

ANOTHER 15¢ HUNCH IN PAVING ESTIMATES

City Experts to Attract Dark Horse
Bidders With \$2.65-a-Yard
Price.

DENY MCCORMICK'S REQUEST

Situation Much Involved by Inac-
curacy of Home Contracts and
Tax Litigation.

Paving to be laid on the unim-
proved streets of Tulsa, if contractors
submit bids at all, will cost properly
about \$2.65 a square yard under
the new estimate.

At an adjourned meeting of the
board of city engineers Friday afternoon
the estimate of the city engineer was
raised to \$2.65 per yard.

This is the highest estimate ever
submitted for paving in the city of
Tulsa.

Originally the estimate was 2.40
per square yard, which was advertised
regularly with no bids from com-
panies. It was boosted to \$2.50. Still
no bids, which resulted in the last
estimate.

THOUSAND POINT BOYS WORKING FOR OUTING

Tulsa "Newsboys" Who Make High
Score Will Go to Y. M. C. A.
Camp.

Completing the constitution of the
"Tulsa Newsboys" Thousand Point
boys' organization two weeks
ago, in connection with the boys'
department of the Y. M. C. A., for
the purpose of selecting the boys to
attend the summer fourth annual
newsboys' camp on the Illinois river
near Table Rock, the following rules
will govern the awarding of points:

Personal appearance and neatness,
50; courtesy to customers, 70; at-
tendance at Sunday school or educa-
tional talks, 50; deposit \$10 in a
savings bank, 100; hike 10 miles, 50; sell
40 papers a day, 50; attend the club,
50; per cent of the time, 20; learn
a new stroke in swimming pool, 20;
make a three-minute talk before the
club, 20; give something to the
church or Sunday school, 20; read

grade in school, 100; report to the
club secretary things he should

clean speech, clean sport and clean
life, 100.

Any newsboy making 800 or more
points will be admitted to the news-
boys' camp and will receive a special
bonus prize. The difference between
the 300-point and the 1,000-point
newsboy is the 1,000-point boy will
win the official "Best Newsboy"
trophies.

A special honor prize will be
awarded to the boy making 800 or
more points one week before camp
and the boy making the highest score
each month will receive a special

LAST GERMAN TRANSPORTS WILL BE DELIVERED SOON

WASHINGTON, April 18.—The re-
maining four of the 12 German pas-
senger liners assigned to the United
States for transport service will be
delivered soon in England, where
American naval crews will be put on
board. A dispatch to the navy de-
partment today said the Brandenburg
and the Santa Elena were ex-
pected within a short time and that
the Imperator and Berlin were due
within three weeks.

The names of the German ships
will be retained. It was said today
except in cases where the conflict
with those of ships now in the navy.
Reids, Storm, Austrians.
VIERNA, Thursday, April 17.—
Bohemia's sympathizers this morning
demonstrated to storm the Austrian
parliament building but were soon
dispersed with a few wounded. The
city generally is quiet.

Watch the Little Pimples: They are Nature's Warning

Unightly and Disfiguring
Signals of Bad Blood.

Don't close your eyes to the warn-
ing which nature gives when un-
pleasant pimples appear on your face
and other parts of the body.
Not only are these pimples and
eruptions disfiguring, but they lead
to serious skin diseases that spread
and cause the most discomforting ir-
ritation and pain. Sometimes they
break into eruptions, boils, blisters, scaly
eruptions and other annoyances that
make you feel that your skin is ablaze.
When these symptoms appear on
any part of the body, take prompt
steps to rid the blood of these disor-

LETTERS from OVER THERE

(NOTE.—We have published a large
number of these letters from time
to time, some of them because they
were interesting to our read-
ers and many because they were
a solace to their friends and rela-
tives. As the soldiers began com-
ing home in increasing numbers
the interest in these letters de-
creased and many have reached
this office that never got into
print, because mostly they were
repetitions of what others had
written already, having only the
virtue of personal interest. But
here we have taken the liberty of
printing a letter written by a man
not known to Oklahomans, be-
cause it tells of things in a new
and different vein. The letter is
addressed to an employee of The
World.—Ed.)

Ehrenbreitstein, Germany.
March 23, 1919.

Seymour F. Stone, Kapuiga.
Dear Friend: I just found your
address which I had mislaid. I took
a leave trip to Paris over a week
ago, and the day after I came back
we received orders to get ready and
be prepared to go home via Mar-
seille, April 2. The way things are
going this seems to be real, and all
the boys are rejoicing mightily. We
turned in our equipment this morn-
ing, and this afternoon we got a
"three-in-one" shot in the arm. This
is extra strong and will put a num-
ber of the boys down for a few
hours. I feel all right as yet.

Had a wonderful time in "gay
Paris." The women there you know
are the prettiest and best dressed
in the world—with one exception, of
course, and that is, they have noth-
ing on the faces of "Old Glory
Land." Visited the Eiffel tower,
army museum, Notre Dame cathed-
ral, the Louvre, the Louvre, rode
on the ferris wheel, and enjoyed
theatrical performances at the
Olympia and Alhambra, American
candellier houses, and the Casino.
The French musical show review, a
glittering display of fashion, fun and
beauty.

One of the most unforgettable
trips I made was to the palace at
Versailles. It is 12 kilometers from
Paris. Peace will be signed in this
beautiful building full of paintings of
remarkable color and distinction. It
was in the room of indoors and saw
the exquisite table, made by hand of
tortoise shell and bronze, and over
which the doves of peace will flutter
with joyful wing when one of the
greatest documents of history will
be signed and sealed by representa-
tives of the victorious allies and the
craven delegates of a lost cause.
There are 132 kinds of marble in
this palace and the paintings on
walls and ceilings must number
several thousand. The gardens and
fountains in the rear of the palace
were created by a real artist. This
magnificent building was erected by
Louis XIV and the French guide
said "he was a very proud man."
He had 250 wives and retained 72 years.

Rode on the world-famous sub-
urban railways of Paris. But the
"War Parthenon" is the big and
important part of this late world
tragedy. Covering 400 feet of can-
vas, 15 feet high (guess) it covers
the four years of conflict in a mas-
terful manner. The great soldiers
and statesmen of the allies stand out
amazingly characteristically distinct.
I understand 13 artists worked on
it during the war period, and its
completion reveals it as truly a
work of love and genuinely inspired
craftsmanship.

Philadelphia, Pa., Oct. 15.—"My
baby suffered terribly for three
months from eczema. It appeared
on his face, head and hands and
spread until his head was a mass
of sores, and he looked as if he
had been scalded. The itching was
so intense I had to tie his hands. He
cried all the time and could not
sleep. I tried many
remedies, but nothing
did him any good. I heard of
Resinol Ointment and Resinol Soap,
and the fourth day after I began
their use the itching stopped. Now
one would not know he had ever
had any skin trouble. Two jars of
the Ointment cured him." (Signed)
